C 30 | Main Section & C32 | Solo Show

Sébastien de Ganay | Brigitte Kowanz | Judy Ledgerwood | Haroon Mirza  
| Roman Signer (solo) | James Turrell

At booth C30 & C32 of this year's artgenève, Häusler Contemporary presents a multi-layered refreshing program with artists from the fields of painting, graphics, sculpture and light art. Among other things, we first show works by Roman Signer related to his highly acclaimed action «Jet d'eau» of 2018.

We are delighted to be present at artgenève again with six strong artistic positions. At our **main booth C30** we show with Brigitte Kowanz and James Turrell two very different but likewise fascinating approaches to dealing with the phenomenon of light. Sébastien de Ganay and guest artist Haroon Mirza stand for an experimental and interdisciplinary approach to sculpture, and Judy Ledgerwood ventures in her colorful paintings, among other things, the much-discussed topic of ornamentation. We are particularly pleased that we can also show one of her ceramics that has never been shown before and that she created during her stay at Porzellan Manufaktur Nymphenburg in 2018.

In addition, we exclusively present new works by Roman Signer at the adjacent **solo show booth C32**. In a sensational action of June 2018, the artist had put a large-scale piece of red fabric onto Geneva's famous «Jet d'eau» the water jet of which lifted the cloth to a height of around 140 meters. We are pleased to first present to the public photographs and a video that resulted from this «time sculpture».
